BATTLE RIVER U.F. & W.A. POLITICAL CONVENTION WAINWRIGHT: JULY 27-28

The annual convention of the Battle River U.F.A. & U.F.W.A. Political Association will be held at Wainwright on Monday and Tuesday, July 27th and 28th. As this will be a nominating convention all locals are urged to send as large a delegation as possible.

The programme of the convention will include:

- (1) Report on the past Session at Ottawa by the sitting Member.
- (2) Addresses are expected from: H. W. Wood, President of the U.F.A.; Mrs. R. B. Gunn, President of the U.F.W.A. and other visitors.
- (3) Nominations will be called for in preparation for the coming election.

A large attendance is anticipated.

MASONIC SERVICE IN CHAUTAUQUA TENT

Visiting his old field and renewing acquaintances, Rev. E. H. Maddocks, assisted by Rev. A. Sermon to his brother Freemasons in the Chautauqua tent. "J. R. Sage, president of eloquent gorman, last Sunday afternoon.

The tent was filled to capacity and the Masonic members who filed to the front seats were out in numbers. The service was specially printed in neat booklets for the benefit of those attending and were distributed to each on entering the tent. Rev. Maddocks was in splendid form and delivered a very impressive sermon, his text being taken from the Second of Chronicles, last verse of chapter three.

During the service, Mrs. Geo. L. Hudson, of Wainwright, rendered a solo, from words taken from the hymn "Nearer, My God, to Thee" which she rendered to better advantage. The solo "The Blind Pilgrim," by gold medalist, W. T. Hayes, was also splendidly sung and greatly appreciated. Mrs. Pybus, of Wainwright, very ably accompanied these singers, besides presiding at the piano for the musical part of the service.

EDGERTON SPORTS

Edgerton will have a grand sports day on July 29th. A full list has been arranged. Horse races will form a prominent feature, no less than \$175 being offered as prizes. For each first win in the Baseball tournament \$25 will be given, and \$75 for the winners of the final game. A keen competition in basketball is anticipated. And, of course, a big dance will conclude this interesting day.

Have you seen the new portable Gramophone—"The Outing" Sounds like a \$100 machine sells for \$32.00 at McKeechie's Drug and Stationery Store.

COMMITTED FOR TRIAL FOR CATTLE STEALING

After a preliminary hearing before A. E. Keith J.P., Monday July 13, E. Ernst was committed to trial on a charge that he did unlawfully steal certain cattle: to wit, one yearling red and white heifer, the property of J. W. Cryderman; contrary to section 369 of the Criminal Code of Canada. J. A. MacKenzie acted for the defense, and Const. Mosses, for the Crown. A number of witnesses having been heard, the animal was finally identified by means of certain marks which had been placed thereon by the police at an earlier date, and by the presence of a marked coin imbedded in the shoulder of the animal by the police.

CHAUVIN AGRICULTURAL SOCIETY, DIRECTORS MTG.

A meeting of the directors of Chauvin Agricultural Society was held in A. E. Keith's office, Saturday, July 4th.

President, Dr. Folkins in the Chair.

Minutes: Moved J. P. Ross, minutes be adopted as read. Carried.

Committees: Committee reported that there had not yet been a Council meeting.

The committee to visit on the Municipal Council reported that their request had been tabled.

Dunlop's Special: Moved A. E. Keith—J. Toth, That H. C. Dunlop's special prize be accepted with thanks. Carried.

Hay: Moved C. W. Ryall—W. Cubitt, That A. E. Keith be a committee to obtain forage for Fair Day. Carried.

Repairs: Moved A. E. Keith—C. W. Ryall, That he President arrange with the caretaker to make the necessary repairs and supply water. Carried.

Booth: Moved L. Col. Rodden, That the Lady Directors have full charge of the booth.

Amendment: Moved C. W. Ryall—E. A. Pitman, that the Lady Directors have full charge of the Booth to run or let.

Motion withdrawn. Amendment carried.

Sports: Sports committee reported that nothing definite had been settled.

Posters: Secretary was instructed to get fifty posters.

Dance: Mr. Cubitt was appointed a committee to have charge of the Dance August 7th. Meeting adjourned to meet on August 1st.

The following were present: Pres. Dr. Folkins; Mrs. Armour; L. Fahner; Mrs. J. Toth; Mrs. Folkins; J. Toth; A. E. Keith; C. W. Ryall; W. Cubitt; W. Petrie; L. Col. Rodden; Norman Strachan; E. A. Pitman; J. Craddock.

Why pay eight when you can get it for five at Saker's.

FIVE MILES OF TELEPHONE LINES TO BE RE-BUILT

The directors of the Chauvin and Battle River Telephone Company have awarded a contract to Mr. Ed. Nieman for the reconstruction of the first five miles north from Chauvin of the main telephone line. The contractor is to start his work Monday July 27th, meanwhile the shareholders will hold out poles, etc., along the line.

It has also been decided that each shareholder should put into good order the sections of the line running on private property. The directors of the company are to act as foremen in this matter.

IN MEMORIAM

In loving memory of our dear husband and father, David E. Cahill, who died July 23rd, 1924. "Memoriam" is the flower that never dies. Watered by the tears of love. Mrs. D. E. Cahill & Family

GILT EDGE COUNCIL MEETING MINUTES

The following are the official minutes of a meeting of the Gilt Edge Council held on July 7th.

The minutes of the previous meeting were adopted as read. Moved by C. H. Traynor, That the claim of R. D. D. for damages to truck be laid over pending further information. Carried.

Moved by C. Wallace, That \$50 be paid to each C. H. on account of his road supervision. Carried.

Moved by C. Traynor, That offer made by W. Warnock and W. Challenger of \$15.00 for old bridge timbers from the north of 35-43-4 be accepted. Carried.

Moved by C. Traynor, That Seed Grain Committee purchase any necessary supplies of stationery, etc. Carried.

Moved by C. Wallace, That the bills and accounts amounting to \$2117.22 be passed for payment. Carried.

The Council then adjourned until Tuesday, August 4th next.

RIBSTONE COUNCIL MEETING: MINUTES

Regular meeting of the council of the Municipal District of Ribstone, No. 421, held in the council chamber, Chauvin, at 1.30 p.m., Saturday, July 18th.

Present: Cirs. Lang; Meurin; Tunney and Sewell.

Deputy Reeve Sewell presided. Minutes: Minutes of last preceding meeting were read, and C. Lang moved that same be adopted as read with minor corrections. Carried.

Estimate: Estimate was read and adopted.

Re plow purchased by Dr. Folkins at tax sale: tabled for further information.

(Continued on page five)

WAINWRIGHT IN FAVOR OF INSTALLING NATURAL GAS SERVICE

By a vote of 109 in favor to 6 against (with one spoilt ballot) the citizens of Wainwright have decided in favor of having a natural gas service installed and operated within the town limits.

EXPORTS OF WHEAT

TOTAL \$206,729,140

Canada exported \$206,729,140 in value of wheat during the eleven months ended June 30th last, a decrease of \$70,227,579, as compared with a similar period ended June 30, 1924. Last year's figures, however, include exports to the Irish Free State prior to April 1, 1924.

The United Kingdom was Canada's best customer, having imported \$162,100,786 worth of wheat from this country during the past eleven months, according to the dominion bureau of statistics. Wheat to the value of \$4,151,338 was exported to the United States during the period in question, while the amount exported to other countries was valued at \$40,476,556.

Exports of wheat flour from Canada during the eleven months ended June 30 last totalled \$66,812,386, as against \$58,691,604 for a similar period ended June 30, 1924. The United States purchased wheat flour to the extent of \$98,761, the United Kingdom \$17,185,503, and other countries \$9,528,122.

RUST DISCOVERED

IN WHEAT FIELDS

Stem rust in its early stages has been discovered in southern Manitoba and Saskatchewan by the field inspectors attached to the office of Dr. D. T. Bailey, Dominion plant pathologist, at the Manitoba Agricultural College. Development is slow, however, and no serious damage has been reported.

PEACE DAY PICNIC

The strong winds prevailing Saturday undoubtedly kept a number of folk from the Peace Day picnic held under their auspices of the G.W.V.A., and Dragons, but for all that quite a number turned out, particularly towards evening, and the event was very enjoyable.

During the afternoon sports were carried out, and target shooting keenly contested. A game of indoor baseball was played, and water sports indulged in. A dance in the evening brought the program to a successful and happy conclusion.

Writing pads and Envelopes of linen and lovely vellum, big value 75 sheets to a pad for 35c. McKeechie's Drug and Stationery Store.

H. E. SPENCER SPEAKS ON RURAL CREDITS IN HOUSE OF COMMONS

Following is a speech by Mr. H. E. Spencer, M.P. for Battle River on Rural Credits, delivered in the House of Commons on Wednesday, June 25th 1925.

Mr. Spencer: I want to congratulate the Acting Minister of Finance (Mr. Robb) on bringing down this bill, but I must express regret that he has seen fit to introduce, forty-eight hours before prorogation, a measure of such importance. A better act than this has been asked for during the past three years by members of western Canada and is not in the interests of the country that legislation of this importance should be brought down in the last hours of the session and possibly of this parliament. Rural credit legislation is asked for by the people of the west particularly for the simple reason that the present banking facilities are not in the best interests of agriculture. The time limit on notes is too short and interest rates are too high, and the renewal of too uncertain. With regard to the latter, it is also, the time is too short, the interest rates and expenses are too high. It is for these reasons that for some years past there has been an agitation for a system of rural credits. We have continually asked this parliament for a measure of relief. We all know that agriculture has been going through a very strenuous time during the past several years. We have asked for bread; in this bill we have been given a stone. As the right hon. leader of the opposition (Mr. Meighen) says, it is doubtful whether a single dollar will be asked for under this legislation, surrounded as it is with so many restrictions.

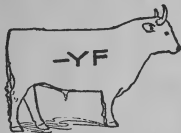

The hon. member for Leeds (Mr. Stewart) wanted to know if the provinces had made any demand for such legislation, and the hon. member for North Renfrew (Continued on page two)

SALE OF GOVERNMENT HOUSE

Premier Greenfield has issued the following statement with respect to the resolution passed last session by the legislature recommending the sale of government house as a measure of economy.

"The resolution in reference to Government House passed by the legislature on March 30, made certain recommendations only regarding the future disposition of the property. Since that time the advisability or otherwise canvassed, and the government will be prepared to inform the legislature what course, in its judgment, should be followed in dealing with the recommendations of the resolution. In the meantime no disposition will be made of the property."

MORTGAGE SALE OF
FARM PROPERTY

There will be offered for sale by Public Auction at Reynolds' Barn, Chauvin, Alberta, at 2 p.m. on Saturday, 18th of July, 1925 S.W. 1/4 Sec. 20, Tp. 41, R. 1, W. 4th M., excepting mines and minerals.

Terms: 10 per cent cash at the time of the sale and the balance according to conditions to be made known at the time of the sale, or upon application to the Vendor's Solicitors.

The sale is subject to a sealed reserved bid and free of all encumbrances, except taxes for the current year, and subject to the right of the vendor to the current year's crop.

The Vendor is informed that the above property is situated about 15 miles from the railway and 2 1/2 miles from school and contains 160 acres, more or less, of which 40 acres have been cultivated, that there is erected thereon a log shack, that it is fenced on 2 sides and that the water supply is a well.

For further particulars and conditions of sale, apply to McDonald, Weaver & Steer, Vendor's Solicitors, Edmonton, Alberta.

Approved: "A. T. Kinnaird,"
Deputy Registrar.

MORTGAGE SALE OF
FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by The Lands Titles Act, under a certain mortgage which will be produced at the time of the sale.

There will be offered for sale by public auction at the Telephone Office in the Town of Edgerton, in the Province of Alberta, on Saturday the 15th day of August 1925, at the hour of 12:00 noon, the following property:

S. W. quarter of Section 4, Township 45, Range 2, West of the Fourth Meridian, in the Province of Alberta, 160 acres more or less.

Terms of sale to be ten per cent, cash at time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendors solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save and except the reservations and conditions in the original Grant from the Crown and in the existing Certificate of Title and taxes for the current year, and subject to a lease terminating on the 1st of April A.D. 1926.

The vendor is informed that the above property is situated ten miles from the town of Ribstone, and one and a half from the nearest school, and that there is situated on the premises a barn 35 ft x 28 ft, House 12 ft x 24 ft, Granary 16 ft x 18 ft, in fair condition. Approximately 65 acres of the land have been cultivated. The entire quarter is fenced with three wires and water is supplied by two good wells.

For further particulars and conditions of sale, apply to Messrs Parlee, Freeman, & Howson, 514 McLeod Building, Edmonton, Alberta.

Dated at Edmonton in the Province of Alberta, this 12th day of June A.D. 1925.

PARLEE FREEMAN & HOWSON,
Vendor's Solicitor

Approved:
A. T. KINNAIRD,
Dep. Registrar

H. E. SPENCER SPEAKS
ON RURAL CREDITS IN
HOUSE OF COMMONS

(Continued from page one)

(Mr. McKay) asked the hon. member for Brandon (Mr. Forke) if he had any scheme to suggest. Now, I am going to place before the House a very carefully thought-out scheme that has been put forward by the Alberta Provincial U.F.A. Convention, which has been asking for rural credit legislation, but before doing so I want to refer to the suggestion made by the hon. member for North Renfrew that for a rural credit scheme we should issue tax-free bonds. I do not agree with him. I think tax-free bonds are absolutely wrong. It simply means that men with surplus wealth would invest in those bonds, their investment would not be taxable, and the extra taxation would have to be paid by the masses of the people who cannot so well afford to shoulder the burden. The scheme to which I referred was put forward by the United Farmers of Alberta at their annual convention, extending from January 20 to January 29, 1925, and is contained in the following resolution, which was adopted unanimously:

Whereas the question of rural credits and the relief of agriculture by providing cheaper money for farmers, has become, within the past ten years, one of the chief economic problems of this continent, and in this country has now reached a condition so acute as to become a national crisis; and Whereas efficient methods of meeting this situation can only be inaugurated by the Dominion parliament; and

Whereas the Finance Act, 1923, provides that advances of Dominion notes may be made to the chartered banks by the Treasury Board on the deposit of approved securities, among which as listed and actually received by the board, provincial bonds are deemed to be of the first rank as security, such securities held by the Treasury Board taking the place of any gold redemption reserve in so far as such issues of Dominion notes are concerned; and

Whereas, such provincial bonds when deposited with the Treasury Board by the province are of exactly the same value as securities as when deposited by a bank;

Be it therefore resolved that this convention urge upon our federal representatives to use every effort to have action taken at the coming session of parliament to inaugurate a system of rural credits embracing the following principles:—

(a) That the provinces be given the right to obtain from the Treasury Board, on the deposit of provincial bonds as security thereof, advances of Dominion notes for the purpose of rural credits.

(b) Such right of a province to obtain such funds to take effect only on the passing of a resolution by the provincial legislature in favor of such action.

(c) That interest on such advances be paid by the province to the Dominion at such rate as may be agreed upon, having in view the cost of establishment and operation of the system, such payments to be applied on the reduction of our national debt.

(d) Such funds so obtained to be loaned to actual farmers on first mortgage security under strict government supervision and appraisal up to fifty per cent of the appraised value of the land, such appraisals to

be based upon the productive value of the land.

(e) Such funds to be loaned at a rate of interest not exceeding one per cent greater than the rate paid by the province.

(f) Loans to be made upon a long term amortization of such length that the combined payment on principal and interest shall in no case exceed an additional payment of one per cent of the total indebtedness.

The United Farmers of Alberta have for several years past gone on record as advocating that a provincial bank should be established to relieve agriculture in the province. But it was recognized from what took place before the Banking and Commerce committee in 1923 that even if a charter was asked for to establish such a bank there would be very little chance of getting the measure through this parliament, and that was one of the reasons why at their last convention they decided to ask for relief through some other channel. Hence the resolution which I have placed before the House.

Mr. Robb: Is that a provincial or a local body?

Mr. Spencer: Provincial. It was the intention to send a copy of the resolution to the Acting Minister of Finance, but it was thought that as the matter would probably come up before the Banking and Commerce committee it would be preferable to have the federal members from Alberta bring the scheme before the committee for discussion there. Unfortunately, we did not have that opportunity. I sincerely hope the Acting Minister of Finance will give the resolution his careful attention.

Mr. Robb: But my hon. friend admits now that the resolution was never sent to the Depart-

ment of Finance.

Mr. Spencer: Usually copies of all resolutions passed by the provincial associations at their conventions are sent to the ministers of the various departments in Ottawa. If this course was not followed with respect to the resolution it was an oversight.

FISH FRY DEPOSITS

The fish population of southern Manitoba, Saskatchewan and Ontario was increased by 900,000 during June, according to a report from the Canadian National Railways to the effect that 36 cans of young pickered were dumped in Fish Lake and Clear lakes in Manitoba, Hooper, Madge and an unnamed lake in Saskatchewan.

Possessions are all right if you don't let them possess you.

LETTERS TO THE EDITOR

Dina, Alberta, July 15th, 1925
To the Editor
Chauvin Chronicle.

Dear Sir:-

I notice in your last issue of the Chronicle: that one of your Public Spirited citizens has offered to the village Fathers as a free gift; a sufficient number of trees to plant along Main St.

In your account of Chauvin Sports day—you state "The

streets of Chauvin presented an animated appearance: to which the Trees (Planted overnight) added quite a charm." Mr. Editor, you put it mildly—rather let me say that the trees converted Chauvin from a veritable sandy Sahara, into an oasis of pleasing and restful beauty.

Looking up into the shady recesses of the tallest poplar; as it flung its branches bravely into the blue vault of heaven; methought—wrote the poet; Here with a loaf of Bread beneath the Bough; a Flask of wine, a Book of Verse—and Thou; and Chauvin would be Paradise now."

The thanks of the whole community are due Mr. Cargill, for the public spirited offer, and I trust that the village Fathers will take full advantage of this offer. And in the years to come when the Fathers are worms (as we all must be sooner or later) the beautiful City of Chauvin with its stately avenues of shady trees; will be an abiding monument to the sagacity and far sightedness of these village Fathers, for the welfare of the coming generation.

In writing Mr. E. for trespassing on your valuable space: Yours for the welfare of Chauvin "DINAMITE"

MINERAL ADDITIONS TO THE GRAIN RATION OF HOGS

(Experimental Farms Note)

Some valuable information relative to the importance of adding mineral matter to the usual grain rations of hogs has been secured at the Agassiz Experimental Farm during the last two winters.

The mineral mixture used was composed of ground bone meal, 8 pounds; ground charcoal, 5 pounds; ground rock phosphate, 5 pounds; and salt, 3 pounds, at a cost of 2.7 cents per pound. It was fed at the rate of 3 pounds to each 100 pounds of meal.

In order to test this material, a total of 84 pigs were divided into fourteen lots of six pigs each. In every ration where the mineral mixture was fed increased gains were secured. This applied not only when the usual trough-feeding method was followed, but also when self feeders were used and when the meal ration was supplemented with cooked potatoes. In one instance there was a profit of \$7.85 in favor of the mineral ration.

An increase of six per cent of mineral matter proved unsatisfactory and gave similar results to a ration supplemented with two per cent of rock phosphate.

When other mineral matter is not available, ordinary wood or coal ashes thrown on the floor gives good results.

LEALHOLME U. F. A.

A meeting of the Lealholme U.F.A. was held at Prosperity school Thursday evening, July 16

The members confirmed the twine orders, so that the member on twine committee could, with the members on committee from the other locals confirm the order to the U.G.U.

Mr. I. E. Neil was appointed as a delegate to attend the convention to be held at Wainwright on Monday and Tuesday, July 27th and 28th.

The next meeting will be held at the school on Thursday evening July 30th.

We trust that every member will attend to hear the report of convention from delegate, and as there is a possibility of this being a nominating convention, and also there being a chance that the Federal Government will go to the country this fall, we would like to have some preparations made before the busy time commences.

BASKET BALL NOTES

The Chauvin Basket Ball Team journeyed to Maclelin on Wednesday July 15th and came again returned with the bacon.

Four games were played, the first Chauvin vs Denzil, resulting in a win for Chauvin, the score 44-2. The next between Maclelin and Provost, Maclelin winning score, 10-9. Chauvin then played Maypole, winning by a score of 33-4. Chauvin and Maclelin then played for finals. Chauvin won by a score of 26-19.

The Chauvin line-up was as follows:

Forwards, Erma Hass, Barbara Deg.

Centres: A Lilly Cahill, Claire Richardson.

Guards: Eunice Hass, Elma Hass.

AMERICAN WRITERS VISIT PROVINCE

American writers visiting the Province at present include Bish and Burritt of the Chicago Daily News, who is writing a series of articles on farm life, and other interesting western topics. He is particularly interested in the co operative marketing movement and secured considerable data on this in Alberta, which was the cradle of the wheat pool. Another visitor is Mrs. Hal Kane Clements of the Chicago Herald-Examiner.

"I hear your wife had an accident with the car."
"It wasn't serious."
"Anything damaged?"
"Just a little paint scratched off both."

"Bill calls his car 'The Covered Wagon'."
"How's that?"
"Because he's got a mortgage on it."

Yardley's Soap is different. 35c a cake at The Chauvin Pharmacy

COAL SHIPMENTS START TO ONTARIO

Trial shipment of \$25,000 tons of Alberta coal to Ontario was started during the past week by the Canadian National Railways. There will be no over-check by government authorities on the costs of handling this shipment, but it is expected that the Canadian National Railways will check up the costs. The coal is being supplied by mines in the Edmonton, Pembina and Three Hills District.

"TAKE-ALL" FOOT ROT OF WHEAT

(Experimental Farms Note)

Foot or root rots of wheat have recently attracted much attention. These rots are caused by fungi, which attack the roots and bases of the stems of wheat and cause them to decay. The wheat plants may be killed or stunted. When the attack is early and severe the plants die young, or the plants may grow and produce heads, but usually they turn white and seem to ripen earlier than healthy plants. The kernels are shrivelled or no grain is produced. Several fungi may cause these rots, but the one that has attracted most attention in Australia and Europe is called the "Take-all" Foot Rot. It has only recently been found in the United States and in Western Canada. In the United States and Australia it has attacked only fall wheat, but in Canada it was found quite severe on Marquis. This disease is being studied in Canada, but it has not been under observation long enough to know if it will be a very serious disease under the Western Canada conditions.

The "Take-all" disease can usually be recognized by the appearance of spots in the wheat fields, where the straw and heads become white. These whitened plants can easily be pulled out of the ground, the roots and base of the stems will be found to be dead and usually dark in colour. A dark moldy growth is often present on the bases of the stems and very small spore cases can sometimes be seen imbedded in these growths. It is by means of the spores and the dark moldy growth that the fungus lives over the winter.

As it is usually difficult to decide whether the "Take-all" fun-

gus is present or not, specimens should be sent to the Dominion Botanist, Ottawa, or to one of the Dominion Laboratories in Western Canada. The specimens should include roots.

Information about these diseases may be obtained from the Dominion Botanist at Ottawa on request.

We are Now Handling "MOTHER'S BREAD"
from the Saskatoon Bread Co.

G. C. FORRYAN, Chauvin

EDITORIAL COMMENT

What horrible crimes are committed under "communism!" A German manufacturer has produced an immense number of 22 rifles. These rifles are devoid of safety devices and are liable to fire without even having the trigger pulled. An equally unworthy firm has imported sufficient of these dangerous weapons into Canada to supply one rifle to each five hundred and fifty persons in the Dominion. The manufacturer and the importer should, in all justice, be taken out and shot with these weapons.

Not all German 22 rifles are worthless. One local merchant has on sale a line of these goods which we have heard highly praised, even by users who served in the late war. This leads us to add that it pays to buy at home rather than to send away to cheap-jack mail order houses who advertise goods at ridiculously, but attractively low prices.

Nice fresh chocolate covered fig bars at Saker's per pound 30c

RIBSTONE W. I.

The monthly meeting of the Ribstone Womens Institute was held in the Municipal Hall, July 4th. Owing to so few members attending and the extreme heat it was decided not to clean up cemetery as previously arranged. The roll was called on Child Welfare and most helpful and interesting discussions followed. A sale of home cooking and serving lunches was arranged to take place at our next meeting, August 1st. Miss Royce resigned secretary-treasurer work on account of her going away from home for awhile.

Miss Dorothy Saul is spending the summer vacation with her mother, Mrs. T. H. Saul.

Mr. Harvey Smith has purchased a new Ford Car from Messrs. Parsons and Harris, Chauvin.

Norman and Reggie Harris, with Wm. Saul, motored to Edmonton last week, and spent several days at the Stampede. They report having a good time.

LIVE STOCK POOL SIGNERS TO MEET AT CHAUVIN, JULY 25

A meeting of all signers of the Live Stock Pool in the Chauvin Saturday July 25th at 2 p.m.

As the first general meeting of the Alberta Co-operative Stock Producers, Ltd., is to be held at Chauvin, it is to be held at Chauvin. The signers in every district get together and discuss the matters, whether it is advisable to send a delegate or just send in suggestions as to the way in which the pool should be operating. You, as signers, have an interest in it. Come out to support—it is your pool.

Mr. J. Goggin left by Monday's train to attend the Saskatoon exhibition.

The community sale, called by George Reynolds for Saturday last has been postponed until early in August.

A case of canned vegetables, (assorted) at Saker's for \$4.00

POOLS GO OVER THE TOP IN CHAUVIN DISTRICT

Complete returns are not yet in the hands of the drive committee but already the Live Stock and Poultry pool contracts duly signed and delivered to the committee show that this district has passed its minimum quota. It also appears that the Dairy pool will receive sufficient local support.

Canvassers are urged to continue their canvass, and to get in every signed contract possible.

LOCAL HAPPENINGS

Mr. J. Murray, late teller at the local bank, spent a few days of his vacation here last week. He appears to have fully recovered from his operation last fall.

Miss Elizabeth Lasell, of Ribstone, is visiting Viola Scheller for the week end.

Miss Lucy Wilson, of Liverpool England is visiting her sister Mrs. G. McNutt.

Mr. H. Lumsden, of Newcastle on Tyne, England, has recently arrived and is now residing with his cousin, Mr. W. Petrie.

Mr. A. Mathot is now in charge of the Chauvin U.G.G. Elevator replacing Mr. Bissett, who is leaving our midst. Mr. Mathot will be well remembered as an old timer in this district. Since 1917 he has been buying grain at various points.

Miss Lucienne Page, a nurse the General Hospital Edmonton is spending her two weeks vacation with her relatives. Her brother Romeo Page is also visiting. They made the trip down by motor.

Ninety-seven in the shade last Friday afternoon.

A trousseau party was held at the home of Mrs. H. G. Folkins last Thursday afternoon, in honor of the approaching marriage of her daughter, Miss Olive Folkins to Mr. J. A. MacKenzie. A large number of ladies from town and country attending.

Again this year we are headquarters for Fly Killers, Fly Tox the proven killer is no longer an experiment. 8 oz. size 50c; 16 oz. size 75c. Small blowen free. The large hand sprayer 50c.

NEW LUTHERAN COLLEGE

The corner stone of a new Lutheran College to cost a quarter of a million dollars was laid in Edmonton the past week.

GOLD FLOWING OUT

Exports of gold ore, dust, etc. from Canada has risen from \$3, 953,938 in 1922 to \$23,358,449 in 1924.

"I don't like these photographs at all. I look just like a monkey."

"You should have thought of that before you had them taken."

L. O. L. PICNIC AT RIBSTONE

The Orange celebration at Ribstone on July 13th was well attended and a most happy time was spent by all, though a shadow fell upon the proceedings by the tidings of the death of Bro. James White, whose body was conveyed from the station to the Knox church, Ribstone, by the brethren, after its arrival from Unity. It was decided by the committee in charge to carry on with the speaking and picnic part of the program, but to cancel the dance in respect to the departed brother.

Bro Robert H. White, P.P.G.M., district organizer gave an inspiring address, referring to the high standards of British ideals and freedom, epitomizing the struggle which had been fought to obtain and maintain them, urging brothers of the order to be equally zealous in their efforts. He urged the necessity of a united Canada with one flag and one school, with equal rights to all and privileges to none. He made reference also to the work accomplished by the order in the establishment of an orphanage and care for the orphans.

Elder William Osler spoke of the good accomplished by the order in caring for the orphans, and also to the work done for the public schools of Edmonton. Rev MacLeod of Ribstone also gave a brief address of great eloquence and interest.

A full program of athletic events were staged successfully. A football match between scratch teams representing Prospect Valley and Ribstone, resulted in an interesting game but neither side succeeded in obtaining a goal. Three games of basketball were played: Ribstone suffering defeat at the hands of Chauvin on a 22-2 score. The Ribstone boys then inflicted defeat upon Prospect Valley, 6-4; after which they proceeded to avenge the defeat suffered by the Ribstone team, and beat the Chauvin team 18-14.

DEATH AND FUNERAL OF MR. JAMES WHITE

With the full honors of the Orange Order, the funeral of Brother Jas. White was conducted at the Knox church, Ribstone, Tuesday July 14th. The deceased joined the order at Essenville Ontario, July 12th fifty-four years ago, and died at the Unity hospital on the anniversary of his initiation, the big day of the order. During this period he had been a loyal member, and had attained its highest honors.

An eloquent sermon was delivered by Rev. M. MacLeod of Ribstone, after which the interment was made in the Ribstone cemetery. Many floral offerings being laid upon theasket.

The deceased came to Ribstone some twelve years ago. On account of his age he did not take a large part in public affairs, but he, well earned a reputation for kindness and neighborliness which will long be remembered. He leaves to mourn his departure, four sons, Joseph, James, John, and Walter, also Mary, a daughter who lives in Ontario.

"She says that her face is her fortune."

"Yes, one of those fortunes that are made over night."

RIBSTONE COUNCIL

MEETING: MINUTES

(Continued from page one)

Road Grant: Ctr Meurin moved that Ctr. Lang phone in particulars of road grant for Division No. 5. Carried.

Correspondence: Letter read from Mary Jane Smith regarding loan: Filed.

Letter from Canada Ingot Iron Co., regarding repairs. Filed.

Letter from Hail Insurance Board. Filed.

Letter read from Department of Municipal Affairs regarding Wild Land Tax report. Ctr. Meurin moved that the secretary fill in this report at his convenience. Carried.

Report: Report from Messrs. Patquin and Johnstone was read as to cash shortage. Ctr. Meurin moved that this report be accepted. Carried.

Ctr. Lang reported that the secretary report to the Department of Municipal Affairs, re cash shortage of T. H. Saul, former secretary in the sum of \$10,566.06, and that we make claim to the Bond Company for \$2750.00 for the year 1924, and \$5000.00 for 1925. Carried.

Accounts: The following ac-

counts were presented:	
Aida Govt Phones	3.85
M. E. McCluskey, salary and telegrams	13.63
Chauvin Chronicle	7.05
Prov. Training School	15.00
Dr. Folkins	67.00
(Board of Health)	
E. A. Pitman	32.00
P. H. Perry	83.25
Parcels & Harris	136.15
Henry Lawson	12.60

Ctr. Meurin moved that these accounts be paid. Carried.

Mrs. Saul's bill for telephone rent and tolls: Ctr. Meurin moved that this account be refused. Carried.

Road Accounts:

E. A. Pitman	31.50
C. W. Ryall	21.00

Ctr. Lang moved that these accounts be paid. Carried.

Schools: Ctr. Lang moved that we pay Airle School District \$100.00, and Prosperity \$25.00. Carried.

Council adjourned for supper to meet at 7.30 p.m.

Road Diversions: John Duncan road diversion, two acres at \$20 per acre.

John Lien: S. W. 30: 44: 1: 2: 2.3 acres, at \$15 per acre.

Ctr. Sewill: that these accounts be paid. Carried.

G. D. Cunningham's claim for road diversion not allowed.

Wm. Cargill: East side of 35: 43: 1; for road as from plan submitted, tabled for further discussion.

E. C. Hass road diversion in section 24: 43: 2; claims as follows: land \$90.00; fence \$65.00; digging new well \$70.00; interest \$65.00; damages \$200.00; total \$490.00; this to be applied on arrears of taxes.

Ctr. Lang moved that the prices stated were so high that the council considered it entirely impossible to consider this offer of settlement at the present time. Carried.

Tax Adjustment: A. J. Poirer, regarding taxes on the N. W. 2: 43: 2. Ctr. Lang moved that the secretary write his party that we are obliged to use the 1920 assessment, the council are willing to cut his taxes for 1925 28 per cent, making the amount of \$9.50 to be cancelled, on account of the lake taking off \$5.00 acres in this quarter section. Carried.

Fred Pratt: S. W. 9: 43: 3: Ctr. Meurin moved that the Wild Lands Tax be cancelled and a credit allowed of \$21.81 to apply on 1925 taxes. Carried.

A. D. Cooper: N. E. 3: 44: 3: Ctr. Tunney moved that the Ribstone school arrears of \$72.37 be (Continued on page eight)

EXTRA PRIZES OFFERED FOR HONEY AND CALVES AT THE CHAUVIN FAIR

In view of the fact that an increasing number of farmers are keeping bees, the directors of the Chauvin Agricultural Society have decided to give a prize for "bee produce" as follows:

Sample of Honey in the comb: 1st \$2.00; 2nd \$1.00; 3rd .50

Mr. H. C. Dunlop, of Edgerton, has offered a pen of six bred to lay White Wyandotte pullets hatched in April, for the best paid fed calf shown by boy or girl, (under rules governing the paid fed calf competition) sired by a Shorthorn bull.

By Duncan McCloy for the best Stallion or Gelding, pure-bred or cross Clyde, 3 years old or over \$5.00

An addition to Class No. 5 (Agricultural) in Chauvin Fair prize list.

Class No. 5. (Agricultural)

5. Foal of 1925. 3.00 2.00 1.00

Class No. 8 (Saddle) in Chauvin Fair Prize list:

1. Horse, or Mare, over 14-2 (to be ridden by anyone) shown under saddle 3.00 2.00 1.00

(This is an open class, not confined to "boy or girl" rider).

Special by Gordon Cunningham, changed by request to read: For the best "calf" grade Aberdeen Angus; instead of, For the best "yearling."

LUNCHES SERVED ON FAIR DAY

Lunches at 25c per plate will be served at the booth on Fair day, August 7th from 11 o'clock till the close of the fair.

Donations of cake, pie or milk will be very much appreciated by the booth committee.

A FEW USEFUL HINTS AS TO PRESSING SPECIMENS FOR WEED COMPETITION

To the Editor,
Chauvin Chronicle.
Dear Sir:-

As this is the time, of year when we think most of the weed menace of this district; and as some of the boys and girls will be planning their collections of noxious weeds for the McKeechie shield at the fall fair, I would like to hand on a few hints that might assist them in preparing their collection.

The first thing is gathering the weeds. This should be done when there is no dew upon them. The root, stem, flower and seed-pod should be taken when possible, and as soon as convenient they should be put in a press.

The best press is made by taking two pieces of board about 10 by 16 inches for top and bottom and using this ordinary heavy comfort felt paper for fillers—on the same size as the boards. If unable to get the felt paper, ordinary news paper, folded in several thicknesses, does very well.

Arrange the plants in a natural and attractive manner, one between each sheet or several sheets if you have lots of paper. Place the top board firmly on the pile and apply a weight of from 20 to 30 lbs. Leave this from 12 to 18 hours, then take off the weight and exchange the fillers for fresh dry ones. (Place the used ones where they will dry, to be used again). Replace the weight and leave from 24 to 30 hours, when the fillers should be replaced again by dry ones. The weight may now be increased to from 50 to 60 lbs, and left from 7 to 10 days.

After the plants are taken out of the press, if they are to be mounted, it should be done on a plain white cardboard of some kind. Cover one side of the plant very lightly with mucilage, place it upon the mount in the desired position and press down.

To make it more secure take very narrow strips of plain white paper and piercing very small holes on each side of the stock, shove the ends of the paper strips through and fasten with mucilage.

As this is a competition in which knowledge, skill and neatness count, I should not say anything about the naming and arrangement of the plants.

Thanking you, Mr. Editor, for the space I have taken.

I remain,
P. H. PERRY

Childrens Chocolate Candy at Condensed Cote. Every boy and girl likes to save stamps. It is interesting and educative. A cancelled stamp aff a coupon in every package. Bring in 25 coupons and get a stamp album free. Six bars for 25c, full weight McKeechie's Drug and Stationery Store.

"Poor old Tom fell into a for time last year."
"Why poor?"
"He fell into it so hard that he went right through it."

Cariboo and Caribou

1. Casting on Quesnel Lake; 2. A fair morning's catch; 3. Cleaning the gun for the hunt.

WHAT is one of the finest big game and fishing sections of North America and one of the last great stands for big game, lies within easy reach of the Canadian Pacific Railway in the Cariboo district of British Columbia. Here, as nowhere else on the continent, are found in abundance the bear, grizzly, brown and black; the moose and caribou, and the wary mountain goat and sheep. The cougar is often seen and heard and the smaller for bearing animals make a trappers paradise of this vast virgin territory. As will be seen from the picture above, the fishing is superlatively good; it is the fishing country of the west.

"Who is the man with soul so dead and bent on life's chase, who hath not sometime to him said, 'I'll seek the Great Outdoors?' Each year an increasing number of hunters and fishermen are absorbed by the district, but so vast and extensive is it, that there are yet parts of it that have never been visited by the hunter, and streams that have never had a line thrown-over-them. To reach the Cariboo district one usually leaves the railway at Ashcroft from

which place, arrangements having previously been made, one starts out by automobile over the famous Cariboo road to Quesnel Lake, Harpers Camp, Horseshoe Lake or one of the numerous camping sites. The road, which winds among the foothills for hundreds of miles, climbs to an elevation of 5,000 feet and drops gradually to below the 2,300 foot level by the lakes, was made famous by the horde of gold seekers who passed over it in the days of '49. The old road houses built in those days are still there, and while many of them are used as headquarters for the large ranches in the district they afford simple but comfortable accommodation on the trip.

From the camps one can just paddle along the still, black, green bordered streams and lakes over which the snow capped ranges tower or one can sit at ease by the camp fire and watch the sun sink behind the hills set ablaze with its glory, listening the while to the soft rustle of the wind in the tree tops and the gentle splashing of the water on the crags. If one is of a more aggressive nature one can, accompanied by a

careful and well tried guide, strike through the wilderness in search of its natural denizens, or, armed with rod, fly and other bait, angle to the heart's content. One may spend weeks, making short trips by boat, canoe, or saddle horse, fishing in the lakes and streams near by, and getting back to camp each night, or one may make a long trip by canoe and commune with the wilds for days or weeks at a time.

The Cariboo hunting and fishing grounds are located in the Great Interior Plateau, lying between the Rockies and the Cascades, east of the Fraser River. Ashcroft, the jumping off place, is on the main line of the Canadian Pacific 203 miles east of Vancouver. Equipment for trips can be purchased there or at one of the various hunting centres in the district close by. Guide and Outfitting companies cater to every necessity and the "Cariboo" and other lodges adequately care for the wants of the business or professional man who does not care for an extended hunting or fishing trip but desires to get away from something or everything for a while.

CHAUVIN, Alta.

RHUBARB FOR EVERY GARDEN

Practical Notes from the Scott Experimental Station

Rhubarb is perfectly hardy in northern Saskatchewan and Alberta and once planted continues to yield crops for many years. It has a wide adaptability to soils but responds best to a deep, rich soil.

Varieties: The recommended varieties are Victoria and Linnaeus. Ruby, a named variety recently introduced by the Central Experimental Farm, Ottawa, is superior in quality to any of the five varieties under test and gives promise of gaining in popularity.

Growing from Seed: The cheapest and most certain method of maintaining a plentiful supply of Rhubarb at Scott has been from seed. To insure success, the seed is sown early in the spring in rows 18 inches apart in the row and kept cultivated throughout the season.

Growing from Roots: Yearling roots of divisions of older roots may be used for starting a rhubarb plantation, in which case planting is usually done in early spring, but good results have been obtained at Scott from planting in September. The roots are so set that the crowns are level or slightly below the surface of the ground. Planting four feet apart each way permits of cultivation both ways.

Care: During the first season no stalks are removed from the plants as it is essential that the roots become well established. In the fall the roots are given a lib-

eral dressing of rotted manure and the manure is dug into the soil the following spring.

During the second spring or summer the largest stalks may be pulled freely, the smaller ones being left to assist in maintaining the plant. Some plants will send up seed stalks. These stalks are promptly removed with a knife, for the production of seed is exhaustive to the plant.

Renovating old plantations: When rhubarb roots become old they are likely to produce small stalks. Under such conditions they are better dug up and divided for starting a new plantation. In the case of bacterial disease which causes the crowns to decay the diseased plants should be taken up and burnt, and a new bed started from seed or from plants from another source.

Winter Protection: The roots of rhubarb are hardy requiring no winter protection, although covering the crowns with from four to six inches of barnyard manure prolongs the growth the following year.

Rhubarb for Winter Use: The method which is meeting with success at the Scott Station is to dig the roots before freeze-up. The roots are then placed in a barrel which is partly filled with cut straw so as to merely cover the crowns. For continuous growth the straw should be kept moist and best results are obtained when the cellar temperature is kept between 50 and 60 degrees F. The rhubarb grown from this method is much earlier, richer in color and flavor than when grown for winter use in

Riding in Canadian Rockies: A Growing Summer Diversion

TRAIL RIDERS IN CANADIAN ROCKIES

Albert H. MacCarthy, will return in time to report to the Alpine Club. Lake O'Hara has been painted by the late John Singer Sargent and by Carl Rungius and Richard M. Kimbel, the two latter are New York artists and members of the artist colony that summers at Banff. Lake O'Hara threatens to rival Lake Louise where close neighbor it is.

The Alpine Club's main objective this year is to climb Mt. Goodsir, the highest peak visible from the Canadian Pacific Railway, and the ascent will be made from a sub-camp.

Last year's initial Pow-Wow of the Trail Riders of the Canadian Rockies was held in Yoho Valley near Field, B. C. Two days of trail riding and social gathering in a big lodge in the evenings were enjoyed by more than 200 members and novices, the latter qualifying for membership, one of the requirements of which is to have ridden fifty miles over Canadian Rockies trail. Dr. Charles D. Walcott of the Smithsonian Institution at Washington, D. C., is the honorary president of the Trail Riders' order.

Several hundred trail riders are

expected to take part in this year's meeting, which will be held Aug. 8-10 inclusive. The start will be from Banff and Lake Louise by motor to Marble Canyon where the horses and guides will be in waiting for the three days' ride. Program is as follows: first night, tent camp on Goodsir Plateau, 6,500 feet above the valley; second night, tent camp on the shore of Lake O'Hara, rivaling Lake Louise in beauty, but of a wider type; third night, Tini Camp beside Lake Wapta and Pow-Wow held in Sun Dance Lodge. There will be a sing-song each night in camp.

Riders must bring either a sleeping bag or two warm blankets. A change of underwear and warm coat or mackinaw for the hours around the camp fire, is all the equipment that is necessary. No grips will be accepted. One pack horse for each three riders. A word of caution, unless one is prepared to rough it he should not ride; but if one delights in the feet of a saddle and pony, he, or she, may be a Trail Rider.

The Rocky Mountains Guides' Association, an organization of all the guides in this territory, with headquarters at Banff, is looking after the arrangements for horses and guides.

Lake O'Hara will be the scene of three events this summer. The organizations that will meet in this wild, romantic spot in the Canadian Rockies are: Mountaineering Club of British Columbia; Alpine Club of Canada's annual camp from July 27 to August 8, inclusive; and the Trail Riders of the Canadian Rockies on August 8th.

The special expedition to climb Mt. Logan, the highest peak in the Canadian Rockies, headed by Capt.

PROMINENT DAIRYMEN HERE

For the purpose of studying Alberta's system of cream grading under government supervision, Dr. George McKay, Secretary of the American Association of Creamery Butter Manufacturers, with headquarters at Chicago, and Prof. F. W. Bouska, manufacturing specialist with the Borden Creamery Co., of Chicago, who is doing field work for the American Association, visited Edmonton the past week. They were in conference with Dr. Marker, Alberta's Dairy Commissioner, securing data on the Alberta system which has been such a success, and has been a big factor in raising the standard of Alberta's export butter.

ZINC INDUSTRY GROWING

The production of zinc in Canada has steadily increased since pre-war times. The 1913 output was 2,800 tons. This was increased to 17,500 tons in 1918 and it is estimated that the 1924 production reached 49,000 tons.

NEW MINIMUM WAGE ORDER

New orders setting forth the minimum wage for various lines of industry have just been made by the Alberta Minimum Wage Board in accordance with the terms of the act as passed by the legislature to provide a minimum wage for women. The various industries covered by the new orders include: Manufacturing not less than \$12.50 per week; hotels and restaurants, \$16.50 (seven days); laundries and cleaning, \$12.50; personal service occupations, \$14.00; offices, \$14.00; shops and stores \$12.50.

Apprentices' wages, according to the orders, are to range from \$6 per week up. Provision is also made for the payment of overtime at not less than the minimum wage.

The new regulations come into effect on August 1st and will apply in the following places: Edmonton, Calgary, Lethbridge, Medicine Hat, Red Deer, Wetaskiwin, Camrose, Drumheller, Coleman and Redcliff.

Life's greatest paradox is putting out a tub to catch soft water when it's raining hard.

Teacher: "What does leap year mean?"
"One extra day at school, sir."

MANY ELKS VISIT PROVINCE

Several special trains conveying Elks to the convention in Portland, Oregon, visited Edmonton during the past week, and were entertained to drives about the city and district. Another large party to visit the province during the past week was the specially conducted party of 110 teachers bought by the C.N.R.

Here and There

This year's receipts from motor vehicles licenses in New Brunswick already amount to \$422,000. This amount is larger than the total for any year, except last year when the gross receipts for the whole twelve months were \$455,489. The estimate for the present year is half a million.

The mines and quarries of the Province of Quebec produced the value of \$18,952,896 during 1924, according to the final report issued by the Provincial Department of Mines. Building materials account for \$11,380,977; other non-metallic minerals \$7,191, and metallic minerals \$380,804.

"In the Cascades and falls of the Canadian Rockies there is enough hydro-electric power to supply the American west with all the electric energy it will need for ages to come," declared W. Paxton Little, treasurer of the Niagara Falls Power Company, who recently visited Banff with a party of distinguished American electrical magnates.

That the Province of Quebec abounds in historic and romantic material for the construction of popular novels, is the judgment of two popular writers—James Oliver Curwood, author of scores of best sellers, and Edwin Balmer, well-known short story writer—who have recently toured the province and Western Canada in quest of "local color."

There has been an unusual distinction conferred upon Prof. Camille Cature, a Montreal musician, who, besides being a violinist is also a maker of violins. He has been honored with a medal and diploma from the British Empire Exhibition at Wembley for a magnificent violin of his make, which he exhibited there.

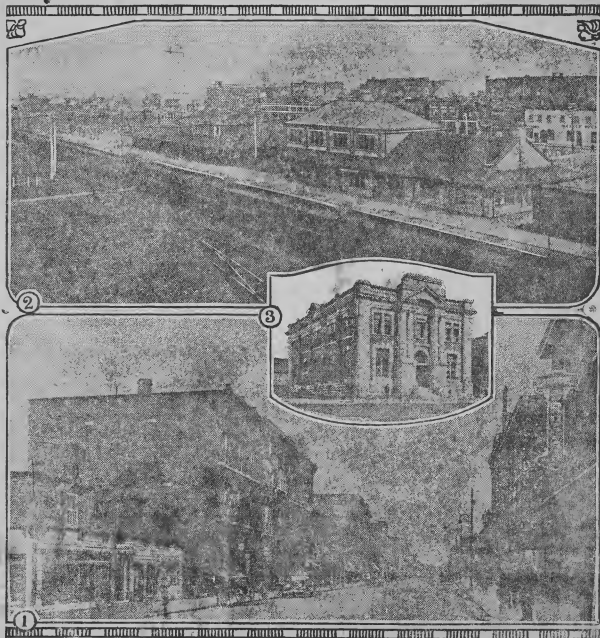

In order to dispel the existing impression in England regarding the coldness of the Canadian climate, five thousand peony blooms are being distributed at the Canadian Pacific Railway Pavilion at the British Empire Exhibition. These plants were produced by W. Ormiston Roy of Montreal, who states that peonies are the best landscape flower and can be grown in all parts of Canada, irrespective of climatic conditions.

Hon. W. G. Nichol, Lieut.-Governor of British Columbia, and D. C. Coleman, Vice-President of the Canadian Pacific Railway, opened Crystal Gardens, the new and unique indoor salt-water swimming pool at Victoria, B.C., recently. This amusement centre, which has two dancing floors, a gymnasium, art gallery and tea-rooms, is regarded as the largest and finest of its kind on the continent.

Being exceeded only by Mexico and the United States, Canada now ranks third among the silver producing countries of the world. Records of Canadian production have been kept since 1858 and show a total recovery of 451,000,000 fine ounces to the end of 1923. In 1924 production was slightly in excess of 20,000,000 ounces. During 1858-1923 the value of production totalled \$290,705,452, while for last year it amounted to \$113,619,043.

The first lot of buffalo, numbering some 200, to be transferred from the Wainwright Park to the new Buffalo Park, north of Edmonton, left Wainwright, Alberta, recently. For some time past the herd at Wainwright had been growing too rapidly and the Federal authorities decided to ship a number to the Buffalo Park to determine whether or not they can acclimatize themselves in the new district as they did in the southern area. Altogether two hundred buffalo, in lots of two hundred each, will be shipped to the Buffalo Park.

New "Baby City" of Ontario

(1) North Bay's Main Street.

(2) The Canadian Pacific Station, North Bay.

(3) The Post Office.

An Old Home Week Celebration to celebrate the attainment of City status will be the big attraction for Northern Ontario the first week in August. North Bay, to-day the largest town in the Province, with a population officially estimated at 13,011, will become the Baby City of Ontario on Sunday, August 2nd. For the following six days, it will be a case of "open house" with all the well-known hospitality of the North Country.

Special services in all the City churches, conducted in most cases by former pastors, who were identified with the early history of the town, will inaugurate Old Home Week. The following day officials of lakes charge with "Civic Day," when the formal presentation of the City Charter will be made at Memorial Park and representatives of the Federal and Provincial Governments will extend their congratulations to the Gateway City of the North. A race track has had to be prac-

tically rebuilt, two privately owned parks have had to be taken over for the year and other large expenditures incurred, but the citizens are behind the celebration movement and are determined to make it something that will be long remembered in the Northland.

The history of North Bay is one that is not generally known to all Canadians, even though the name is familiar from the Atlantic to the Pacific, as a great railroad centre. North Bay was originally discovered by Samuel de Champlain in 1615 and was a post on the old trail from the Ottawa to the Great Lakes in the time of the great French explorer.

The first settlements here are recorded as in 1823, with the coming of the first train over the Canadian Pacific Railway. North Bay was never incorporated as a village. Lake Umbagog, it just grew and became officially a town in 1891. In 1895 the population was 2,021, in 1905 it was 3,813, and in 1915 it was 10,611, and

the last municipal census placed it at 13,011, while the rapid growth of the town this year indicates that it will be at least 15,000 when it takes its position as a City next August.

The Canadian Pacific paved the way for North Bay. The old Grand Trunk followed with its first train in June, 1888. Next was Northern Ontario's own railway, the Temiskaming and Northern Ontario, which was built north to the mining areas from North Bay in 1904, the first train being operated out of here on January 12th, 1905. The Canadian Northern was the fourth line to come in here, their first train arriving on September 4th, 1915.

Three and a half tons of solid gold bullion passed through North Bay over the line from the Northern Mines, together with 10 tons of silver bullion, 502 tons of high-grade silver ores, 6,034 tons of pulp and 124,549 tons of sugar. It was a formidable

L. D. S. CHURCH CONVENTION AT ARTLAND

The Northern Saskatchewan District Convention and Conference of Jesus Christ of Latter Day Saints convened with the Artland Branch of the church on the morning of July 9th, continuing until the evening of July 12th. A large tent was erected beside the hall which is ten miles south of the village of Artland. The tent was used for the sessions, while the hall was used as a temporary cafe.

About two hundred delegates and friends were present, and eighteen ministers. The session began on Thursday morning with a prayer service, followed by a meeting to organize the conference. At 2 p.m. a preaching service by Elder William Sparling who was one of the pioneer ministers of Dakota, remaining faithfully at that frontier for forty-three years. He also preached in the evening and was listened to with great respect on account of his long service in the Master's cause.

On Friday morning the first meeting was a prayer service followed by a business session, then a lecture by Elder J. F. Curtis who was in the Holy Land last year, and also Egypt, Greece, Holland and other countries. He had visited Bethlehem, baptized in the river Jordan, and stood on Mars Hill. At Athens, Greece, where Paul once stood. It was most interesting especially to those who have not travelled the globe over. And his way of presenting it was most interesting. At 1.30 p.m. Sunday school business session was held, wherein the former officers were re-elected. At 3 p.m. there was an address by Elder Myron A. McConley, topic Sunday School Dept. At 4.30 until supper time each afternoon was the recreation hour when both ministers and delegates indulged in base ball and volley ball. The missionaries played against the home team but didn't always beat.

At 8.30 p.m. there was a large Sunday school program with many interesting features. Besides the usual readings, music solos, and mens quartettes, Mrs. Yager of Winton, Ont. played a few numbers on the violin, and the missionary from the Hawaiian Islands prayed the Lords prayer in the Hawaiian language. It was nearly midnight before we were dismissed.

Saturday, July 11th, Prayer service at 9 a.m. followed by the business session of the conference. The Sunday school business being concluded the day before. At 2 p.m. another business session which concluded the business of the conference year. Present officers are the same as last year, except the district chorister, who is now Mrs. Bessie Cornish. Retiring district chorister was Mrs. Robert Day of Herschel, Sask. At 3.30 p.m. Preaching service by O. L. Arey, subject: The ultimate purpose of God which is the salvation of all men. At 8

p.m. the preaching service was by Joseph Yager of Winton, Ont. theme: A call for service.

Sunday morning there was an officers' meeting at 8 a.m. At 9 a.m. a prayer service wherein they also partook of the Lord's supper. At 11 a.m. preaching by William Oster, president of the Alberta District, from the text: "Study to show thyself approved." At 1 p.m. lecture by Lottie Clark Diggle on "The Home; the Bulwark of the Nation." At 2 p.m. preaching from a chart by Elder J. F. Curtis on the organization of the church. From 3.15 to 4.15 lecture on Hawaiian Islands by missionary Myron A. McConley, which was intensely interesting. At 8 p.m. the sermon was by missionary Myron A. McConley, his theme being "The Gospel of Christ."

The hour before supper they repaired to the lake where twelve members, and confirmed members of the church at the evening service. Two young men were ordained to the ministry. Thus ended one of the most successful conferences of the Northern Saskatchewan District, and it was with real regret we clasped hands in Christian fellowship and said the parting word.

Chauvin, Alberta.

Here and There

Record catches of mackerel are reported from Yarmouth, N. S. and nearby fishing villages. One man at Cranberry Head took over 150 barrels of fish from one trap and another fisherman at Burns Point reported over seventy-five barrels from a single trap.

Thirteen ships with a total of 7988 head of Canadian cattle left Montreal during May and three more ships left during the first week of June. Canadian cattle are now stated to be in strong demand in the British market despite Irish and English competition.

The reconstructed Basilica at Ste. Anne de Beaupre which was destroyed by fire in 1923 will be open to the public on the second Sunday in September according to a recent report and it is expected that the huge pilgrimages to the famous shrine will shortly be resumed.

A remarkable wave of interest in Canada is sweeping Great Britain at the present time and all sorts of information is being sought by British firms as to conditions in the Dominion according to F. W. Motley superintendent of the Dominion Export Company of Canada for Europe who arrived here recently for a trip across the country.

Canada's third largest industry, its tourist traffic showed an increase of 60,000 in the National Parks for 1924 according to a report issued by Commissioner J. B. Harkin. Banff and Lake Louise, in the Rocky Mountains, showed a combined advance of 15,000 visitors. At Banff 1,693 camping permits were issued.

Robert E. Barlow, manager of Walter Hagen, announces that the British Open Championship winner will make a golf tour of Western Canada this summer visiting Winnipeg, Regina, Calgary and the famous Rocky Mountain course at Banff. Hagen has won the British Open Championship twice and the United States Open Championship once.

Arrangements have been completed for staging the biggest Indian Pow-wow ever held on the North American Continent at Macleod, Alberta, early August. Thousands of Indians from the Bloods, Blackfeet, Peigans, Crows, Crees, Stoney, Sioux and representatives from the Six Nations, in the East will take part in the historic and picturesque pageant.

A Canadian Pacific Railway freight train was recently held up near Lemberg, Sask., by a swarm of tent caterpillars which interlarded the foliage. The feeding of these wheels on the great railway, where the insects had gathered in millions. All efforts to plow through or remove the swarm were unsuccessful and no progress could be made until half the cars were discharged.

Preparations are practically complete for the 1925 Calgary Exhibition and Stampede. It is anticipated that the stampede this year will be the biggest ever held. It has been extensively advertised in Canada and the United States, and a large number of inquiries have been received from interested parties who anticipate present. Entries have been received from all the best known riders and ropers on the continent, and the large number of valuable prizes offered for competition ensures that the spectators will see the best that can be done in the way of rodeo breaking, roping, wild steer riding, etc.

"Here's a motorist who bought some gas, and then robbed the filling station."
